### PERSONAL PROFILE

HTML5	Node.js
CSS	Express
Bootstrap	MySQL
JavaScript	Sequelize
JQuery	MongoDB
React.js	Git
Handlebars	Heroku
Axios	Excel

### EDUCATION

#### UCSD Coding Bootcamp: Full Stack Development

2019

University of California San Diego

### ABOUT

Highly organized individual with over 10 years of problem-solving experience in the bicycle industry as a skilled mechanic. Determined to start a new career path in the tech industry in which I can combine my skills learned in The Coding Bootcamp at UCSD Extension along with my attention to detail and strong work ethic to assist a company in meeting and surpassing its goals for success!

### APPLICATIONS BUILT

#### Reflect (formally Mindblog)

<https://mindblog.herokuapp.com/>

- Reflect is a type of journaling application designed for those who want a little more out of their daily entries. It allows a user to record their daily thoughts while recording their mood and time of day to be used in generating graphs showing the data supplied.
- To build Reflect, we used HTML, CSS, JavaScript, JQuery, Node.js, Express, MySQL, and Sequelize.

#### MADPass

<https://fathomless-garden-46795.herokuapp.com/>

- MADPass is the basic implementation of a password manager app. With MADPass, a user only has to remember one login and password for the app itself. All other login credentials are encrypted and stored in the user's Vault to be accessed quickly and easily.
- To build MADPass we used MongoDB, Express, React.js, and Node.js, bcrypt, crypto-js, and JWT

### EXPERIENCE

#### Trek Bicycle Superstore

Service Department Manager | Apr 2014 to Present

- Monitored and ensured all repairs were completed and customers notified both efficiently and on time.
- Ensuring all service employees have the tools needed to complete repairs (ex. Tools, cleaning supplies, knowledge, training, etc.)

#### Sport Chalet Sporting Goods

District Bicycle Tech Trainer / Bicycle Dept. Head | Sep 2000 - Apr 2014

- Coordinated and conducted training clinics for instructing Bicycle Dept. employees for General Assembly and Master Mechanic Certifications.
- Responsible for driving sales, scheduling, visual merchandising, general shop keeping, and preparation and execution of seasonal inventory counts.
